SUMMARY

Graduate of Bachelor of MIS. **Military Status:** Completed. Have +1 year experience in Android Developer. First programming language learned is C# use ASP.NET and connect with SQL Server as Database using Visual Studio, then learned PHP work with Laravel framework and connect with MYSQL as a Database. **Currently Android Developer** java & kotlin. My graduation project is Android App it about furniture gallery (using RESTAPI).

SKILLS

Java

Kotlin

MVVM

MVP

RESTAPI

SQL

MySQL

SQLite

Github

ROOM

Database

Oracle PL/SQL

Data Binding

Material Design

OOP

Share Reference

Firebase

UI Design XML

View Model

Design Pattern

Live Data

SOLID Principles

Android Studio

Android Studio Plugins

Gradel

AndroidX

LIBRARIES:

Retrofit2

Volley Library

Glide

Picasso

Lifecycle

ButterKnife

RXJava2

RecyclerView

CardView

SOFT SKILLS

Willingness to learn and Fast Learning

Empathize with the team

Flexibility

Problem Solving

Effective communication

Collaborativeness

PROJECTS

➤ **Sofa Furniture App:**

Sofa furniture app is my graduation project, it's furniture gallery, available for user choose furniture favorite him and can make an order, then should him go to a brunch for confirm that order.

➤ **Movies app:**

Movies app it's app for display movies from TMDB_API (The Movies Database) website, available for user watch Popular movies, Top_Movies, Upcoming movies, and can on click a movie that will open an new activity it's Contain details and some videos about that a film.

PLAYSTORE: <https://play.google.com/store/apps/details?id=com.tmdbapi>

➤ **Retrofit2 with JSON App:**

Desc: Fetch **Data** as **JSON** from JSONPlaceholder site by **Retrofit2** Lib. and **GSON** Lib. And used some other libraries such as **Picasso** - **Butterknife** - **RecyclerView** - **CardView** .

Github: <https://github.com/HusseinMohammedHussein/RetrofitWithJSONPlaceholder>

➤ **Notes App:**

Desc: user can **CRUD** (Create – Read – Update - Delete) a Note. Use MVP (Model – View - Presenter) Architectural Pattern.

Github: <https://github.com/HusseinMohammedHussein/NotesApp>

TEACHING EXPERIENCE

- **Front-End**

Resala Charity Association Faisal Branch

- HTML
- CSS

- **Laravel 5.4**

Online on my channel on YouTube.

LANGUAGES

- **English** : Very Good in Speaking, Reading & Writing (as second language).
- **Arabic** : Native Language.
